

EASTER AT THE PARK Community Awareness

WHOA Easter at the Park Celebration

By Victor Alzona thevikter@yahoo.com

This year's annual Easter at the Park Celebration was egg-cellent! With thousands of eggs; hidden by the Easter bunny, face painting, crafts projects, food & drinks, and a

photo op with Bear and the Easter Bunny, it was easy to have a good time.

With hundreds of children; of all age groups, participating at the egg hunt, it didn't take them long to get a basket full of goodies.

A special thank you to Tina for coordinating this year's event and the many volunteers that helped that day.

One of the many benefits of being a member of the WHOA is participation at local events such as Easter at the Park. If you are not a member of the WHOA, you should consider joining.
